A lot of folks don't hesitate to beat around the bush in order to appear as exponents of the square deal.

A Philadelphia doctor has married a woman doctor. If the doctor has made a mistake he will have to take his medicine like a man.

There is a proposition in Indiana to fine any couple for kissing. How are they going to convict without witnesses? It's a rare case when people who violate the anti-kissing law get caught.

Says the Winston- Salem Sentinel: "Why not have executions of criminals in the State penitentiary? This plan has been adopted in some States and seems to be a good one." Looks like it would be safer to have the trials in the penitentiary.

Says the Chattanooga Times: "Women wrote seventeen of the thirty stories that appeared in four leading magazines for August. Fiction has always been the long suit of the sex." Yes, but who knows how many of those women stories are adaptations of the tales that are told by man when they get caught in a close place?

So far as the liquor question is concerned, a large majority of the people of Wilmington favor local option and high license, Governor Glenn to the contrary notwithstanding. They claim the right to decide for themselves, under the law, whether they will have prohibition, a dispensary, or licensed saloons under proper restrictions. And New Hanover will send no man to the Legislature who does not represent their views on this question.

Good reports come of the vigorous campaign which the Hon. R. N. Hackett, Democratic nominee for Congress in the Eighth District, is waging against Congressman Blackburn, the Republican nominee. He is being heard by big crowds and doesn't deal in abuse or personalities but his arraignment of Blackburn's political and official record, substantiated by records and sworn affidavits, is said to be "strong, powerful and convincing." We know now why Blackburn didn't want to have any joint "rantangle" with Hackett.

POLICE CENSUS DATA

Municipal Statistics of Interest in This State Upon Several Public Affairs.

SHOWING OF WILMINGTON

How This City Stood in Relation With Others Three Years Ago According to Authentic Government Report—Saloon Revenue.

Director North, of the United States Census Bureau, has just completed some very interesting police statistics of the leading cities of the State, based upon the last census of 1903. Inasmuch as Wilmington figures quite extensively in the various comparisons made, the following extracts from the census reports are printed from a summary sent by its correspondent to yesterday's Charlotte Observer:

Asheville had 15 police officers and they arrested 1,728 people; Charlotte had 28 officers and arrested 4,669; Greensboro had 10 officers and arrested 1,741; Newbern had 7 officers and arrested 629; Raleigh had 15 officers and arrested 1,120; Wilmington had 37 officers and arrested 1,437, and Winston had 9 officers and arrested 1,347.

In the collection of liquor licenses; Asheville had 15 saloons and collected $1,400; Charlotte had 14 saloons and collected $1,400; Greensboro had 12 saloons and collected $1,200; Newbern had 13 saloons and collected $200 Raleigh had 23 saloons and collected $300 each; Wilmington had 61 saloons and collected from each $264; Winston had 10 saloons and collected $1,000 from each.

Asheville had 7 school buildings and employed 42 teachers; Charlotte had 3 buildings with 57 teachers; Greensboro 6 buildings with 26 teachers; Newbern 5 buildings with 15 teachers; Raleigh 9 buildings with 72 teachers; Wilmington 5 buildings with 57 teachers, and Winston 4 buildings with 29 teachers.

In the matter of municipal libraries Asheville had none; Charlotte one; Greensboro one; Newbern none; Raleigh one, and none at either Wilmington or Winston.

Asheville had 40 miles of street water mains; Charlotte 23; Greensboro 16; Newbern 20, and Winston 12.

Raleigh led the other places in the State in the number of electric lights, having 162; Asheville 108; Charlotte 155; Greensboro 105; Newbern 167; Wilmington 88, and Winston appears to have been the poorest lighted town in the group, having only 70 lights.

Charlotte had more miles of streets than any other city among those mentioned, her total being 1,248,390 square yards; Asheville had 171,358; Greensboro 119,299; Newbern 234,666; Raleigh 171,082; Wilmington 265,113, and Winston 139,992.

In the number of food and sanitary inspectors Charlotte and Winston each had 10; Asheville 8; Greensboro 6; Newbern 5; Raleigh 5, and Wilmington 4.

Asheville footed up a total of $409,38[illegible] for the year 1903 for all city payments; Charlotte $630,458; Greensboro $245,956; Newbern $62,919; Raleigh $158,594; Wilmington $253,396, and Winston $214,628.

Brick Mason Injured by Cave-In.

While engaged in making excavation beneath one of the pillars in front of Mr. M. J. Corbett's new residence, near Fourth and Dock streets, yesterday morning nearly a ton of earth and stone caved in on Henry McRee, a young colored brick mason employed on the job. His thigh was broken in two places and he was otherwise severely bruised. Fellow workmen dug him out with difficulty and he was later sent to the James Walker Memorial Hospital where he is receiving all needed attention.

MONDAY'S PENITENTS

Session of Police Court Yesterday. Fine Imposed For Automobile Speeding—Usual List of Drunks and Disorderlies—Notes.

The harvest of the police Saturday night, although not quite so fruitful as ordinary, was reflected in the Monday session of the police court yesterday by the appearance of a dozen or more defendants.

Mr. H. M. Goodman, who enjoys the distinction of being the first person arrested under the automobile speeding ordinance, was arraigned on the charge of exceeding the limit at Front and Princess streets. The affidavit was by Officer C. E. Wood and Mr. Goodman did not try to controvert the charge, merely submitting the case. The Mayor didn't take kindly to speeding the buz wagon and Mr. Goodman was taxed with $5 and cost.

Lucretia Bradley and sister Charlotte Bradley, belles of amberhue, had engaged in an affray over in Darktown. It took some time to get at the seat of the trouble but when all the evidence was sifted the Mayor felt justified in discharging Lucretia but Charlotte was required to contribute the sum of $5 to the municipal exchequer.

Jobie Johnson had been disorderly and was taxed with the costs.

G. W. Millis, charged with disorderly conduct, was taxed with $5 including the costs.

Albert Jones and Hattie Moore were charged with engaging in an affray. The relations between the two was alleged to be criminal but they escaped that charge and were taxed with the costs for the affray.

C. T. Williams was charged with being drunk and disorderly. There were no extenuating circumstances in the case and the defendant was fined $10 and costs.

Willie Hawes was charged with maintaining an unsanitary place, the affidavit being made out by Health Inspector J. H. Holton. He was let off upon condition that he abate the nuisance at once.

INTERESTING GOVERNMENT SU...

Southport Claimant for Part of Fort Caswell Reservation.

In the United States Circuit Court in this city, through his attorneys, Hon. Jno. D. Bellamy & Son. Mr. Thomas M. Thompson, Jr., of Southport, has instituted suit in the form of an ejectment to place him in possession of about 300 acres of the land now set apart by the government as a reservation for Fort Caswell at the mouth of the Cape Fear river. The plaintiff contends the government has never acquired this property either by purchase or condemnation proceedings and that if they must occupy it as a part of the fort reservation they must secure a title to the same, paying the claimant for the same.

U. S. District Attorney Harry Skinner, of Greenville, N. C., is here looking into the matter in behalf of the government. The trial of the suit will likely come up at the next term of the Federal Court in this city.

BROOKLYN CHURCH DEDICATIO...

Services Largely Attended on Sunday —Rev. J. L. Vipperman.

The dedication of the Brooklyn Baptist Church on Sunday was attended by a large congregation and the service proved to be highly interesting and profitable to those in attendance. The dedication sermon was by the Rev. Judson L. Vipperman, a former pastor, and his discourse was a strong one indeed. The services were opened by Rev. J. A. McKaughan, the present pastor, who took part in the impressive ceremony of dedicating the house of worship to the cause of Christ.

Rev. Mr. Vipperman and family, who have been spending some time quite pleasantly at Carolina Beach, returned to their home at Dallas, N. C., yesterday afternoon.

A Correction.

A report is going the rounds that because Platt and Haar will dispose of balance of Summer stock at a reduction, they would receive no New Fall Goods until they move to No. 9 North Front St., in October. This is a mistake. They have already received Ued Dress Goods and Silks which are now on display. This makes shopping at The Little Store doubly interesting for August and September.

FIREMAN SCALDED

Explosion of Steam Pipe in Boiler Room of Steamer Sea Gate Yesterday.

FRED SMALL BURNED

Enveloped With Steam and Blistered Badly About Body—Ran to Drug Store in Agony and Later Sent to Hospital.

Fireman Fred Small, of the steamer Sea Gate of the Wilmington, Southport and Little River Transportation Company, was severely burned yesterday morning about 9 o'clock as the result of the bursting of a steam pipe in the boiler room of the boat, tied up at the Custom House wharf and about to leave with a large party of colored excursionists for Southport. According to statements given out at the office of the company, the explosion was caused by the steam having been allowed to pass out of the pipes and the later injection of cold water. Fireman Small was badly burned from his neck to his feet on the back and his arms and chest were also blistered as the result of the steam and hot ashes blown from the fire boxes. Soon after the explosion he ran to Bellamy's drug store, about a block and a half distant, where he was given temporary relief from his agonizing pain and later he was sent to the James Walker Memorial Hospital where he was reported as resting very well last night.

The fireman was in the fire room alone at the time of the accident and was engaged in putting fuel into the furnace. The lines of the boat had just been cast off from the wharf and the steamer was preparing to proceed. The steam filled the fire room and caused great excitement along the wharf at the time. The young man managed to find his way out of the room and jumping to the wharf was assisted to the drug store as fast as possible. A small boy had just left the room or else he would have been injured also. The boat was put out of commission for the time being and the Blanche was put on her run instead. However, repairs were at once put under way on the Sea Gate and she will be ready to resume her runs very shortly.

The injured fireman is a native of Southport about 23 years of age and is held in the highest esteem by his employers who are doing everything possible for him, Mr. Small has a wife and infant child at Southport and the wife was telegraphed for immediately after the accident, though at no time was it thought that the injuries would prove fatal. Wild reports on the streets soon after the acicdent had it that the boiler on the Sea Gate had exploded but of course, such was not the case. The Sea Gate is furnished with safety boilers and that fact is why the damages in the bursting of the steam pipe were not greater.

TRUCKERS' MEETING TO-DAY.

Executive Committee This Morning—General Gathering To-morrow.

The annual meeting of the Executive Commitee of the East Carolina Truck and Fruit Growers Association will be called to order in the office of the Association in the Masonic Temple this morning at 10:30 o'clock, preparatory to the meeting of Directors and general meeting of the stockholders in the Court House to-morrow afternoon. A large attendance is expected. The members of the Executive Committee from the Chadbourn section arrived on the late train last night. Others will arrive this morning on the train from the North.

Building Permits Yesterday.

The following building permits were issued yesterday: J. E. Wilkinson, one-story, five-room residence to cost $750, on Seventh, between Harnett and Swann streets. J. T. Ebert, remodel one-story dwelling on Tenth, between Wooster and Dawson streets, to cost $800. C. H. McMillan, one-story, six-room dwelling, on Dawson, between Second and Third streets, to cost $750.

Buried Yesterday Afternoon.

The remains of the late Julien Soule, the aged stranger who passed away at the hospital Saturday night, were interred yesterday afternoon at 4 o'clock in Bellevue cemetery with brief funeral services at the grave by Rev. A. J. Parker, of Bladen Street M. E. church. A telegram from the aged man's relatives in Hazleton, Pa., advised that disposition of the body.

TALKING THE TOWN

Elizabeth City Paper Has Interesting Interview With Former Mayor of Wilmington—Value of Improved Streets.

Ex-Mayor S. H. Fishblate has just returned from a trip through the Eastern part of the State. He spent some time while away in Elizabeth City and the Daily Economist of that city, prints thefollowing very interesting interview with him:

"Mr. S. H. Fisnblate, of Wilmington, N. C., division manager for Eastern Carolina for the American Tobacco Co. spent last night and to-day in the city. In conversation, the Economist man found Mr. Fishblate to be a most genial and whole-souled gentleman, thoroughly companionable and a most interesting talker.

"He has large faith in Wilmington, his home town, and his story of its development was interesting. For two terms he was mayor of the town and is familiar with all its affairs. Like all other Wilmington people, Mr. Fishblate believes that that town is one of the best in the whole country and a few minutes conversation serves to convince any one of the truth of his belief.

"Wilmington, he says, is the coming town of the South and is destined to be a second Atlanta. It has the harbor and all other facilities for making a great trading point and these resources are already being developed. The city has a large export trade, especially in cotton. Ships enter the harbor that can not get into Charleston. The wholesale and retail trade has been built up to a remarkable extent and is still increasing. The merchants and jobbers are enterprising and pushing. In six years the population has increased from less than 21,000 to between 35,000 and 40,000.

"Mr. Fishblate expressed himself as being agreeably surprised at the progress and development of this section of the State. This is his first visit to this town and he was very much pleased with it.

"'You have a fine town here,' he said, 'an ideal location and an opportunity to make one of the best towns in the State anywhere. Your stores are large, the best I have found anywhere in the State, with unusually good stocks of goods.

"'It is a pity, though, that your streets are not better. Their appearance gives the stranger a bad impression of the town. A capitalist, seeking a place to invest money, would be unfavorably impressed in the very beginning and would be inclined to leave.'

"In Wilmington we are paving our streets with vitrified brick, which presents an exceptionally good appearance. To do this we make the property owners along the two sides of the street each pay one-third of the cost, the city paying the remainder. We now have a law requiring every sidewalk in the city to be paved with granolithic pavement. This is done entirely at the expense of the property owners.

"'This plan could be followed by your town and you have no idea of the improvement it would make.'"

Real Estate Transfers.

By deeds filed for record yesterday the following real estate transfers appear: Mary McLaurin and Miranda Harriss to W. M. Cumming and wife, for $550, property on north side of Church, 36 3-4 feet from Sixth street, 18 1-3x66 feet in size. W. W. King and wife to W. W. King, Jr., for $[illegible], property at southwest corner of Seventh and Wooster streets, 30x66 feet in size and for $700, property on west side of Seventh, 90 feet north of Queen street, 30x55 feet in size.

Injured in the Surf.

Ella Jones, a colored woman weighing nearly three hundred pounds and living at 511 Chesnut street this city, while in the surf during a colored excursion at Carolina Beach yesterday afternoon about 1 o'clock, was knocked over by a huge breaker and suffered such a severe twist of the knee that she was gotten ashore with difficulty. She reached the city at 7 o'clock on the steamer Wilmington and was sent out to the hospital for surgical attention. Her injury is quite severe but not dangerous.

Lumina Bowling Contest.

The scores in the Lumina bowling contest up to last midnight were as fellows: C. D. Piner, 159; C. Croom, 138; L. M. Austin, 173; J. McRee Hatch, 191 and S. H. Loder, 169.

OIL IN NORTH CAROLINA.

A correspondent of the Charlotte Observer under date of Salisbury, Sunday, August 12th, sends the rather startling news that there is a fine prospect for oil in Stanly county. The correspondent had been over to Albemarle, the county seat of Stanly, and while there he learned that Pennsylvania parties are prospecting in that county with every hope of striking petroleum. The correspondent writes:

"This oil prospect is situated between Aloemarle and Whitney at a place known as Palestine, five miles from Albemarle. E. O. Bostwick is the agent for a big Pittsburg corporation that has made the proper surveys of the surface and is satisfied that the earth is full of it. Machinery for the operation of the well has been ordered and it will be worked. Four thousand acres of it have been leased and natural gas abounds. These two valuable things this company, as yet unchristened and unchartered, purposes doing. The best people of Stanly and Albemarle are setting considerable store by it and it is no idle jest. They had not supposed that ... was much of a newspaper item. These Pittsburg people are said to be enthusiastic over the matter. They think that their own State of crude oil is not more alluring in its prospects than this portion of Stanly. The fact that they have leased so much land, has the appearance of business about it. In the hands of Mr. R. L. Smith, lawyer of Albemarle, they have put the papers. Mr. Smith was not in Albemarle yesterday and all desired to be known could not be found out."

If those Pennsylvanians do not strike oil or something equally as good we will be surprised. We are prepared to believe that North Carolina is rich in mineral resources and all that is needed is discovery and development. It is to be hoped the Stanly oil field will make good. As a matter of fact the Observer's correspondent prepares us for it, as is stated that the experts from the Pennsylvania oil regions are so confident that the oil is there.

It was only last week that we published that a charter had been granted by the Secretary of State at Raleigh to the Carolina Mineral Railway Company, to build and operate a railroad of 40 miles in length extending from the upper portion of Lancaster county, S. C., through Union county, N. C., and through a portion of Mecklenburg county in this State. It is stated that the road will run from Lancaster to Charlotte, and is to be built by way of the property of the Colossus Gold Mining and Milling Company, in Union county. Five miles of the road are to be in Lancaster county and the other thirty-five miles in North Carolina. The Colossus Gold Mining and Milling Company secured the charter for that road and the fact is significant. That company a year or more ago bought some gold mining property in Union county, and it is to be inferred that they have struck it rich, or else they would not be casting about to build a railroad to develop the mineral properties which they have secured.

Stanly county adjoins Union county and with a big oil and gold boom in that part of North Carolina there would be something doing.

WAS THE LYNCHERS' COURT REGULAR?

When the special term of Rowan Superior Court on Thursday tried and convicted George Hall, one of the lynchers of the three negroes charged with the murder of four members of the Lyerly family, Hall's counsel, former Congressman Kluttz, took the ground that the court was without jurisdiction. It was a special term of court called by Governor Glenn to try the murderers and Judge Long was appointed to preside. It was contended by Mr. Kluttz that the court was called contrary to the constitution of North Carolina and consequently was an improperly constituted and illegal court. He argued that Governor Glenn was outside of the bounds of North Carolina when he called the special term, July 17th, having been in Atlantic City, N. J. Mr. Kluttz based his contention upon Article 3, Section 12 of the constitution of North Carolina, which says in part:

"In case of the impeachment of the Governor, his failure to qualify, his absence from the State, his inability to discharge the duties of his office, or, in case the office of Governor shall in anywise become vacant, the powers, duties and emoluments of the office shall devolve upon the Lieutenant-Governor until the disability shall cease, or a new Governor shall be elected and qualified."

Judge Long overruled the counsel for the defense, and proceeded with the trial, and last Friday the defendant was convicted, sentenced to the penitentiary and was taken there and committed to that institution on Saturday.

The hope has been expressed by North Carolinians who desire to see lynching expressed, that the regularity of the court will be sustained by the Supreme Court. However, we much fear that Mr. Kluttz will make good his contentions. The constitution appears to really contemplate that the Lieutenant Governor shall act when the Governor is absent from the State, and at any rate it is a question for which there is a great opportunity for a notable legal fight.

Even should the Supreme Court hold that the court was regular, there may be a serious question whether the Governor really called the court. He did not issue the commission for the court and sign it himself, but telegraphed to his private secretary to make the call for the court and attach the Governor's signature. That was done by Private Secretary Pearsall who affixed the official rubber stamp signature of Governor Glenn. The further contention might also be made that the court, if it were legal, was called specifically to try the murderers, but that would probably depend upon what the wording of the call is.

Governor Glenn, who is himself an able lawyer, declares that there is nothing in the contention that the court is irregular, but we very much fear that there is a big legal contest ahead. There would be if Hall were able to bear the expense of a great legal battle, but he is a factory operative and an ex-convict besides. Whatever is the outcome of the matter, Mr. Kluttz has raised an exceedingly interesting question.

CURRENT COMMENT.

—Those Kentucky girls who are seeing Paris have all their actions reported by cable. It would be different if they were Kentucky boys.—Philadelphia Inquirer.

—"Why is it that middle-aged men are so much giddier than they used to be?" asks Marion Harland. We can only suggest that the old-time wife used to remain at home in the summer.—Houston Post.

—The Atlanta News commends the North Carolina mob that brutally murdered three negroes suspected of an atrocious crime and calls the members thereof "patriots." This will at least give Atlanta a chance for a bit of advertising; not of the favored kind, but still of the kind that will keep the city in the lime light—and the lime light, by righteous means if possible, but the limelight at all hazards is very dear to the Atlanta soul. Fortunately the News does not represent Atlanta sentiment.—Chattanooga Times.

—The Cuban authorities recently put three Americans in jail in the Isle of Pines for violating the Cuban laws. At once there was a howl in some of the American yelw journals about "outrages on American citizens." Some Japanese sealers the other day were caught poaching on American territory and were shot to death. And now the yellow journals are saying that the poachers richly deserved death for violating the laws. It makes a lot of difference who it is that violates the laws.—Savannah News.

—During the campaign in Iowa the railroads were so intemperately eager to defeat Governor Cummins that they circulated the statement that the Governor had not increased their assessments as much as he had increased the assessments of farm property. It was the worst case of biting off one's nose to spite one's face that could be imagined. They did not beat the Governor, and now he and the Executive Council have taken their own word for it and added $4,000,000 to their assessment valuation, so that they will pay nearly $150,000 a year for the idiocy of accusing him of partiality to themselves.—Newburg (N. Y.) Register.

—It is reported that ther is a move among the heirs of Russell Sage to induce Mrs. Sage to provide an annual income for William H. Laidlaw, who was used as shield by Mr. Sage when a bomb-thrower attempted his life and by the interposition of whose body Mr. Sage's life was saved; when Laidlaw was crippled so badly that he has never recovered and is unable to earn a living. Laidlaw sued for damages, and was beaten, losing his small savings in the effort to get legal redress It ought not to have been necessary for him to sue. A decent sense of obligating should have prompted Mr. Sage to have protected his future as his own had been protected. Mrs. Sage could win great credit by remedying the injustice, and if she does not it is said that the other heirs will submit to an assessment to partially make good the sacrifice of Laidlaw. Failure to provide for the victim of the bomb-thrower was one of the meanest things Russell Sage ever did.—Watertwn (N. Y.) Times.

AN INVESTMENT WITH BIG RETURNS

The Keeley Institute, Greensboro, N. C.:

Thirteen years ago I went to the Keeley Institute at Greensboro, N. C., and it saved my life. I took the treatment there, and may God bless the Keeley is my prayer forever. I will say that it costs $132 for the four week's treatment, and that it is the best investment of money that I have ever made in my life; for I never have wanted whiskey or beer from that day to this. I hope this letter may be the means of saving some poor drunkard like I was. When I went to Greensboro thirteen years ago I was drinking one-half gallon of whiskey every day and night, and I can say that I have never tasted it from the seventh day after I entered the institute to this time. My cure I consider as complete. W. D. JONES.

AS WE LIVE WE GROW

In values and in stock. This is the Mid-Summer season but we have lots of new and pretty things to show. We have just placed on sale, about four hundred pieces of Nos. 60, 80 and 100 in. plaids and fancy Dresden ribbons; regular price from 15c to 25c per yard, our price 10 per yard special.

We have five hundred new umbrellas, one hundred ladies' and one hundred men's, are made of the best paragon frame with a copper wire rivet, cloth the best cravenette rain proof cloth, with fancy handles; goods that would be cheap at $1.25 or $1.50. Our price for the ladies' is 89c and for the men's $1.00.

We have fifty sample rolls of matting. It is newly imported goods, each roll different from the other and is better goods than the ordinary stock as it is goods that is sent to this country as samples only, and is 25 per cent. cheaper than regular matting.

This matting runs in price 15c, 18c, 20c, and 25c per yard.

We have two rolls of 40-in wide hemp carpet. It is reversible patterns, one side being carpet pattern and one side matting pattern. Goods that is worth 35c per yard and we are showing it for 25c per yard.

In our millinery department we have received a beautiful line of silk hats and braid hats, goods that are up to date and pretty. They come in all shades and different prices from 75c to $2.25 each.

To ladies who wish pretty plumes either full length or 3-4 size, I would like to show them some samples. I have all colors and prices from $1.00 to $6.50 each.

Our flower stock we will sell for 25 per cent. less than first price.

We think the best muslin underwear is sold in the city by us.

We handle nothing but The Royal Underwear and every garment is well made, every seam doubly stitched and our prices are as cheap as any ordinary goods The best place to buy it is where you can get the best goods for the least money and we ask you to look at ours. We have garments for all prices from 25c to $1.00 each. We have them finely trimmed up as high as $3.50 each.

Tailor Made Skirts—As the Fall season is approaching we have secured a big line of ladies' skirts and I feel quite sure that you will find them cheap.

In white or cream mohair skirts we have some special values. We have about three different styles and the skirts were made to sell from $3.50 to $5.00 each; we are offering these skirts from $2.00 to $3.50 each. We also have a nice line of colored skirts from $1.50 to $7.50 each. We bought from a factory a few days ago about 80 skirts which were slightly imperfect at a great reduction and we can sell you these goods at 25 per cent. less than manufacturers' cost. They are all this Fall styles and new goods while the imperfections are oftimes so small that you would not notice them, for instance a $5.00 skirt would be about $3.00 or $3.25. This is a good chance to save money and that is what every one wants.

Boys' Wash Suits to Close Out—I will allow next week 10 per cent. discount on all good that I sell in this line. They were already very cheap but we bought too many for the size of the town and must reduce the stock. I will also offer a discount of 10 per cent. on all mohair, sicilian and serge coats for men. These are all new goods, but we consider it better to lose the 10 per cent. profit than to carry them over.

For your Fall Dress Goods in fine qualities and new styles, we propose to lead the city. The best way to prove it is to examine our line before purchasing elsewhere.

With us it is a problem where to put our Fall stock when it comes in. Our store is already full and for the next few days we will receive hundreds of cases of general merchandise. We buy from large factories and they deliver their Fall goods early and we are in a position to sell you goods this season as cheap as we ever sold them in our lives.

I want to say in relation to your dress goods bill; whether you live in this city or a thousand miles off, and you want the best goods and the prettiest styles, I ask you to give me a showing. All persons wishing dress goods samples will send 5 cents for postage, as we do not care to give the samples indiscriminately as it costs both money and the postage.

We want your Fall business. We give you the best goods for the money and premium stamps with every purchase. Our premium department is a beautiful place. It looks like a fairy corner and think! we give those things away without cost to the purchaser. Ask to see this department. Do your trading with us and get something pretty.

Remember, Geo. O. Gaylord's Department Store,

SPIRITS TURPENTINE

—Red Springs Citizen: Hon. H. L. Godwin, Democratic nominee for Congress in this district, has tendered his services for campaign work, and will make speeches in every county in the district between now and November.

—Raleigh News and Observer, Aug. 12: Sheriff George B. McLeod, of Lumberton, was here yesterday. He says that there is no fruit in half the county and the farmers crops are about two-fifths below usual average.

—The Cumberland county Republican executive committee has set September 15th as the time for holding the county convention. This in one week after the Democratic convenion, which is to be held on the 6th of September.

—Governor Glenn spoke in the Gospel tent at Raleigh Sunday afternoon at 4 o'clock. The Raleigh News and Observer says: "The Gospel tent has been of a lofty character and has done substantial good to hundreds of men and women. It is under the direction of the Evangelical Alliance."

—Raleigh News and Observer. Messrs. T. K. Bruner and H. H. Brimley, having in charge the proposition of the North Coralina New England exhibit to be placed at Boston, engaged a union carpenter, paying him for ten hours' work and granting him a nine-hour day, and the various lumber and wood working companies of the city have refused to sell them timber, or to dress their lumber.

—John Campbell, a white boy convict serving a five-year term, escaped from the State farm in Halifax county Thursday. Campbell is about fifteen years old, 5 feet 4½ inches high, weighing 105 pounds (or more), having brown eyes, sandy hair and deformed left hand. He was sentenced from Surry county in April, 1906, to five years in the State's prison for obstructing a railroad track.

—A correspondent writes that an illustration of the building activity in Fayetteville, which fills the streets with the sound and stir of industrial life is the fact that the erection of the farmers' cotton warehouse is delayed solely by the impossibility of procuring brick, although the extensive plant of Mr. E. A. Poe has been enlarged and he is making brick to its full capacity.

—Greensboro Special, Aug. 11: There were but fifteen persons present at the Republican Congressional convention here this afternoon, and only five of the ten counties in the district represented. Charles A. Reynolds, postmaster at Winston, was prevailed on to make the race against Kitchin again, though he declared he could do but little canvassing compared to what he did as candidate two years ago. The position went begging since the district is several thousand Democratic, and Kitchin has proven invincible.

—A correspondent at Franklinton writes: Benjamin Jackson Blackley, who is an active member of the Franklinton lodge No. 123 A. F. and A. M., was born August 3rd, 1820, was made Master Mason 2nd Saturday in January, 1848, and has been and is now a member in full fellowship, has never been in arrears, has never belonged to any other Masonic lodge, has never had a physician but once in his life; he attends the lodge as regularly as any of the members (save the officers). He is also a sterling Democrat, having always voted the straight ticket and votted every time there was an election since he was old enough to vote.

—Red Springs Citizen: We learn on best authority that Col. E. F. McRae is a candidate for State Senator from Robeson. He stands solid on the Democratic platform lately adopted in our State Convention at Greensboro, which demands a reduction in passenger rates, insurance reforms and remedial legislation for the corporation commission, and all measures that are for the best interests of the people. Col. McRae is a prosperous farmer, identified with the educational and commercial interests of the county, and his ability and intelligence well fit him for the duties of a wise legislator.

—Fayettevile Correspondence Charlotte Observer: A move is making to erect a monument to the memory of the late John McKellar, captain of Company A, Fifth North Carolina Cavalry, whose remains now lie in a neglected grave at old Long Creek Presbyterian Church, in the western part of the county. A lion in war, in peace he was as gentle as a woman, a loyal friend, a generous neighbor, a manly citizen, and gifted with a courtesy so charming that he was called by his friends "the first gentleman" in Cumberland, with more right to the title than pompous, puffy George IV of England.

—Recently the Blackwell-Durham Tobacco Company, of Durham, obtained a charter from the Secretary of State at Releigh,, it being found that no company of that name held a charter. Two of the stockholders are brothers of the late William T. Blackwell, the founder of the business. This was the first step in a great and notable suit by this company against the Blackwell-Durham Durham Tobacco Company chartered by New Jersey and operated by the American Tobacco Company. The American Tobacco Company applied for leave to domesticate in North Carolina the Blackwell-Durham Tobacco Company, of New Jersey. The Secretary of State saying there is already a North Carolina corporation of that name, refers the matter to the Attorney General.

—The Governor has declined to pardon C. D. Whitley, convicted in Stanly county of seduction under promise of marriage. The Governor says regarding the case: "The judge said if the jury believed the prosecutrix the indictment was right, but could under the defendant's testimony have acquitted him of seduction, but according to his own statements he was guilty of fornication and adultery. As the prosecurtix is the defendant's cousin and he had sought her in her father's house, he felt the crime was graver than an ordinary case of adultery and so sentenced Whitley to three years on the roads. The judge did right. From the evidence before me I am almost absolutely certain the defendant seduced another woman about the same time. There is nothing in his character to commend him to clemency. The sheriff will execute the sentence."

KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some Wilmington People Know How to Save It.

Many Wilmington people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is the statement of a Wilmington citizen who has reclaimed good health by the use of this remedy:

J. E. Bloodworth, residing at 30 South Front St., and employed at 123 Princess street, says: "I used Doan's Kidney Pills and they have proven to be a very valuable remedy and I believe I am safe in recommending them. My back and kidneys have given me great trouble. I thought I had rheumatism. I had shooting pains through my back and sides which often made me yell right out. If I stood, sat or lay down or kept in one position for any length of time it was almost impossible for me to move on account of the great pain. I heard some one speak of Doan's Kidney Pills and I sent down to Bellamy's drug store and got a box. They completely removed the pains. They are without doubt a valuable remedy for backache."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Still Ahead in Low Prices

Our regular prices are much cheaper than any special prices yet advertised. Our goods are NEW. The following shows how and why we do and can undersell.

Discount on account of large purchases, average,	*10 pr. ct*
Discount for cash (we pay cash), average	*10 pr. ct*
Savings of freight on car shipment, average	*5 pr. ct*
Total,	*25 pr. ct*

As you see, we can sell goods at a profit of 25 per cent. and at the same time sell them for just what they would cost us if we bought in small quantities, paid local freight and bought on time. We do not try to make 25 per cent.

Our claim is corroborated by the number of prudent purchasers we send. For June the 1st to the present, we have sold $4,540.21 worth of goods, received more than $3,300.00 in cash. Our books are open for inspection of any doubters. When in need of furniture come to headquarters.

SLOT MACHINES.

They Were Used During the Time and Reign of Rameses.

A correspondent of the Boston Herald writes: "It is true there are few things new under the sun. 'Air beds,' or what we call pneumatic beds, were used by the Romans before the Christian era. The most remarkable duplication of an old invention is the nickel-in-the-slot machine. This was first used during the time and reign of Rameses, in the eighteenth dynasty of Egypt, for the purpose of supplying holy water, that which had been blessed by the priests, to the people who desired it. The machine was urn shaped, with a small cylinder inside, through which ran a rod connecting a valve at the bottom of the cylinder with one at the top. These were operated by a lever, which closed the bottom valve while opening that at the top, when the cylinder would fill with a fixed amount of water. To obtain the water a cup was placed at the outlet; a coin of three drachmae, equal to about 75 cents of our money, was dropped into the 'slot' on to a scale pan in the end of the lever. This opened the cylinder at the top and closed the lower valve, allowing the coin to slide off, the weight of water closing the top valve, opening the lower one and allowing the water to run into the cup. This is the basis of all patented slot machines of the present time and dates back to nearly 3,000 B. C."

Limited Bathing.

Dr. Somerville Hastings, lecturing at the London Institute of Hygiene on "Cleanliness Is Next to Godliness," said that people were much cleaner now than in the reigns of Queen Mary and Elizabeth, when the washing of clothes was unknown. Cotton was hardly in use, and linen was expensive. The poor wore rough woolen garments, which were never washed, and the better classes adorned themselves with silks and velvets, which were dyed when they would no longer pass muster in regard to cleanliness. It is recorded, continued Dr. Hastings, that James I. never washed either hands or face during the period he posed as the wisest fool in Christendom, but confined his cleanliness within the narrow limits of wiping his finger tips upon a damp napkin.—London Telegraph.

Fishing For Sheep.

When sheep were first introduced into Cornwall, England, a flock which had strayed from the uplands on to Gwithian sands were caught there by the tide and ultimately carried into St. Ives bay during the night. There the floating flock was observed from the St. Ives fishing boats, whose crews, never having seen sheep, took them for some new kind of fish and did their best to secure them both by hooks and lines and by netting. Those they secured they brought home triumphantly next morning as a catch to which even pilchards were as nothing.

The Servian Swineherd.

In any Servian village there is only one swineherd, and he leads all the pigs of the community. In the morning he goes through the streets blowing his horn, and the pigs come out of their own accord and fall in behind him and follow him to the pasture. At night he brings them home, and they disperse to their sties in the same orderly way as they pass the houses to which they belong. They require no attention and no singling out.

Puzzled.

"Are you the proprietor of this restaurant?" said the man who had waited for his order until he became sleepy.

"Yes, sir. What can I do for you?"

"You can give me some information. I want to know whether you have told the waiter to stay away so that you can bring in a bill for lodgings against me?"

The Game of "Hidden Hearts."

To play the game of "hidden hearts" pretty little pear shaped candy boxes are provided. In each box is hidden a dainty gift. The boxes are then concealed about the drawing room, hall, etc. Attached to each box is a long piece of twine or baby ribbon. The ribbons are wound about the rooms as for a spider party. The object of the play is to find the treasure attached to the piece of ribbon assigned the player.

THE PLATO FAD.

A new phenomenon is about to be witnessed in English life, says the London Express. Having tried palmistry, crystal gazing, Christian Science, bridge and party politics, society is about to study Plato. A dozen or so of the leading women of the aristocracy, including the Duchess of Sutherland and the Duchess of Marlborough, have formed a committee to organize the philosophic movement, and Dr. Emil Reich, the well known historian, who lectures in the London university, is to give a series of addresses at Claridge's hotel, to be followed by discussion, in which the peeresses will take part. It is expected that this will be merely the prelude to the formation of philosophic circles in other grades of society and that the study of Plato will before long become an established feature of London life.

Too Thin.

There is a representative in congress from the west who is exceedingly thin. Being a very good natured man, this representative always takes in good part any joking reference to his slenderness. Indeed he is not averse to a jest himself in that connection, as is illustrated by an incident that occurred in a street car in Washington.

It appears that just as the car was rounding a curve a burly citizen lurched forward and sat in the congressman's lap. He recovered himself quickly and began a profuse apology, when he was interrupted by the statesman's cheery "That's all right."

"But," added the congressman plaintively, "I wish, my friend, that you'd tell me whether you thought I was painted on the seat."—Harper's Weekly.

Biggest Mill In the World.

On the banks of the Merrimac river at South Lawrence, Mass., the American Woolen company is building a mill which makes most other American buildings seem small in comparison. This one mill is 1,900 feet—considerably over a third of a mile—in length. It has a width of 150 feet, is six stories in height and will cost $3,500,000.

This mill will give employment to 6,000 persons, and to save the time and strength of the thousands who will be employed on the upper floors escalators will be provided which will lift 4,000 of them to the fourth, fifth and sixth stories in five minutes. Engines of 10,000 horsepower will actuate the machinery, all transmission of power being by electricity.—Hartford Times.

Bow Legged Men.

Do not revile the bow legged man, for he plays an important part in the world. It is estimated that 40 per cent of mankind are bow legged, so numerically this class is entitled to great respect. Bow legs invariably accompany a robust physique. We find them one of the conspicuous features of athletes. Comedians are almost always bow legged. Of the bow legged geniuses to which humanity points with pride the most illustrious examples are Caesar, Horace, Napoleon, Wellington, Schopenhauer and Cavour, the celebrated Italian statesman.—London Answers.

PAYING TELLER SHORT $100,000

Employe in Birmingham Bank Played Bucket Shops.

Birmingham, Ala., Aug. 13.—Officers of the First National Bank to-day announced that Alex R. Chilsom, paying teller of that bank is $100,000 short in his accounts. As Chislom was bonded for $300,000 the loss to the bank will be reduced to $70,000.

The discovery of the shortage was made while Chilsom was on his vacation. To-day when he returned from Atlantic City and was taken before the directors of the bank, he broke down and confessed his shortage, naming as his accomplices certain brokers in whose places he lost the money, it was alleged, through speculation. Chilsom when arrested, had $3,000 in cash which he delivered to the bank authorities. Chilsom is under thirty years of age. He is a son of Col. Robert Chilsom, special attorney for theUnited States gvernment. The defalcation will not affect the bank, which has a capita of $1,000,000; a surplus of $400,000 and undivided profits of $75,000. The entire loss has already been charged off to profit and loss.

This afternoon W. L. Sims and C. M. Hays, well known brokers, were arrested on warrants sworn out by W. H. G. Garding, president of the bank, charging them with aiding and abetting the embezzlement of National bank funds. It is stated that a third broker will also be arrested. A warrant has also been sworn out for Chilsom, charging him with embezzlement.

Chicago Man Returns and Gives Wife Fifty $100 Bills.

(By Wire to The Morning Star.)

Chicago, Aug. 13.—After an unexplained absence of thirty-one years, Prof. Charles H. Frye, former Superintendent of the Chicago Normal School o fthis city, returned yesterday to Chicago. One of his first acts upon arrival at his home was to hand fifty $100 bills to his wife, with the remark, "Ask me no questions." Frye was thirty-one years old when he disappeared. Since that day no word has been received from him by his wife. He is said to have made money in the Philippine slands, where he resided for several years. His wish that no questions be asked him regarding his wanderings has been respected and he has settled down at home as though nothing had happened.

PROMINENT WOMAN ON TRIAL

Neice of Governor of Mississippi Charged With Murder.

Brooks Haven, Miss., Aug. 13.—The trial on a charge of murder of Mrs. Agnes Birdsong, a niece of former Governor Longino, of Mississippi, was begun t-day. Mrs. Birdsong is charged with having killed Dr. H. Moulder, last November. The case of the shooting has thus far been a mystery. Mrs. Birdsong, who is a young woman and the mother of two small children, is the wife of a dentist of Monticello. It is alleged that she shot and wounded the physician while in his office and then pursuing him out put two bullets in his body.

"MAGICAL FOUNTAIN OF YOUTH."

G. W. Cocke, M. D., 703 North Main St., Danville, Va., Writes, Oct. 12, 1904.

I take great plesaure in testifying to the value of the Waters of the Mecklenburg Lithia Springs, both the Lithia and Calcium Chloride, but my personal testimony is particularly of the latter. I consider you have a boananza! Yes, almost that "Magical Fountain of Youth," for which Ponce de Leon was in pursuit when he sailed north from Cuba to Florida. He should have been to Chase City to have drunk and bathed in the Chloride Calcium Water. Now to the point: I am a regular practicing physician, and have suffered for about four years with Pimples and Boils and an Eczema on back of my neck had tried various and sundry remedial agents, and several of my brother professionals had prescribed for me, and had drunk a number of mineral waters without any visible effect, until finally, worked down and in that run-down condition, in my work I got a septic wound of the thumb, and then had an acute attack of Eczema of both hands, which resisted all treatment. Being completely handicapped from my work I went to Chase City to "The Mecklenburg," almost in a helpless condition, with both hands bandaged; and with rheumatism in one ankle, which was so sore I could hardly walk. I felt (and perhaps looked), like a man of four-score years. After drinking and bathing freely of the Calcium Water for about two weeks, my hands were cured of Eczema, the septic wound of thumb was healed, and, to my great surprise and astonishment, my neck was well and my rheumatism gone. And now, in my third week from the time I went to Chase City, I am home again in the active pursuit of my chosen and loved profession, and feeling almost like I had visited, drank, and bathed in that "Magical Fountain of Youth." I shall continue to use and prescribe this water whenever and wherever indicated. Yours,

ployes might use force, if need be, in case of resistance.

Meantime the company through counsel issued a statement defending the right of the company to charge a ten cent fare to Coney Island. He held that the question of fare was not involved in the case which came up before Justice Gaynor.

Late tonight the Brooklyn Rapid Transit Company relaxed its enforcement of its rule that double fares must be paid. Numbers of passengers on cars bound from Coney Island who would not pay the extra five cents were allowed by conductors and inspectors to continue on their way.

MYSTERIOUS DEED OF MAN.

Shot One Woman and Four Men at Coney Island.

New York, Aug. 13.—While Oceanic Walk, in the Bowery, at Coney Island, was still crowded early today, an unidentified man pulled a revolver, fired two shots into the back of a waiter at Staunch's Restaurant, and then turned the weapon into the crowd and fired four times as quickly as he could pull the trigger. Four persons were writhing in agony on the board walk when the man fled toward the ocean threatening any person who would pursue him. He was not arrested.

TRAIN KILLS FOUR YOUNG BOYS

Knocked From Overstreet Bridge in Eliabeth, N. J.

Elizabeth, N. J., Aug. 13.—Four boys all under 9 years of age, were struck and killed by the Pennsylvania Railroad train while walking across the bridge over Broad Street in this city today. The bodies of two of them fell into the crowded street amidst a number of women shoppers, several of whom fainted. The boys killed were: Lloyd Griffin and his brother, Walter, of this city; their cousin, Willie Griffin, a son of Michael Griffin, of Wilkesbarre, Pa., and Raymond Daubner, of this city. The little party had been watching a baseoall game and were returning home by way of the tracks. They apparently neither saw nor heard the train which was an express.

A special from Union City, Tenn., says just before daylight yesterday morning Joseph Castleman, living in Weakley county, called at the home of his divorced wife and killed her with a shot gun and instantly killed himself with the same gun. He was 60 years of age and she 50.

THE STRENGTH OF A BANK

Like that of a powerful locomotive, depends upon the men who run it.

The Southern National Bank is owned by 180 successful business men of this section; is supervised by the United States Government, and and no twenty stockholders hold enough stock to direct its affairs

It seeks safety rather than large profits, never charging more than the legal rate, six per cent, for money loaned, and seeks the accounts only of that class of industrious people who try to build their own fortunes.

WOMAN CRANK MAKES A SCENE

Miss Esac Made Frantic Efforts to Buttonhole President at Church Sunday—Ejected by Usher.

Oyster Bay, N. Y., Aug. 12.—Miss Asi L. Esac, who is summering in Oyster Bay for the purpose of interviewing the President or Mrs. Roosevelt on what she declare is "a matter of life and death," created a scene during the service in Christ Episcopal church to-day. Miss Esac, or Miss Case, as her name is supposed to be, has attended every church service the President has attended since his arrival here in July. She has climbed Sagamore Hill on foot several times, only to be turned away by the secret service men. She presented herself early at the church to-day and took a seat directly behind the pew usually occupied by the Roosevelt family. When Usher James Duffy requested her to relinquish this seat she refused. Duffy forcibly removed her to the rear of the church and Miss Esac says he tore her gown in so doing. For this act she later applied for a warrant for Duffy, but was refused.

In the rear of the church Miss Esac refused to sit down. A secret service agent stood beside her and during the services she made no less than a dozen attempts to get past him. As the President was leaving the church three secret service men surrounded Miss Esac, but she shouted:

"Mr. President, Mr. President, President Roosevelt, won't you speak to me a moment?"

The President turned his head as he passed, but did not pause. Miss Esac says her watch chain was broken in this scrimmage with the secret service men and her watch fell to the floor.

The President was accompanied by Mrs. Roosevelt and Quentine and Representative and Mrs. Longworth. Miss Esac has stated to acquaintainces she has made while here that she was to have been married in the White House at the time Miss Alice Roosevelt beacme Mrs. Longworth; that she was to have married a high government official, and that it was this wrong she seeks to redress. When the President's carirage had departed, Miss Esac was allowed to go. It was then she sought a warrant for Duffy. She says she will stay in Oyster Bay until she accomplishes her purpose.

THE COTTON MARKET.

New York, Aug. 13.—The cotton market made new low records for the season again during to-day's early session but steadied up later and at the close was very steady with prices only 2@4 points net lower. Sales for the day were estimated at 200,000 bales.

The opening barely steady at a decline of 5@7 points in response to lower cables than due and prices soon showed a net loss of about 11@14 pints under selling for both accounts. At the lowest October sold at 9.49 and December at 9.63; but the decline to under 9½ cents for 9½ points for the active near months attracted a somewhat better demand for covering of shorts and for a turn, and the partial recovery during the afternoon was also helped by the detailed weather bureau's showing that rain had been heavier and more general in the South than shown on early maps. The market closed within a partial point of the best prices for the day. Liverpool was quiet weak and private cables reported selling by Alexandriaand stated that the decline was assisted by beaerish crot estimates from New York placing the probable crop at 13,000,000 bales. Private crops advices from the South complained of too much moisture in sme sections but were of variable nature. Southern spot markets were generally unchanged to ⅛ lower.

Receipts at the ports to-day, 2,820 bales, against 2,829 last week, and 18,946 last week. For the week 25,000, against 24,561 last week and 57,230 last year. To-day's receipts at New Orleans, 241 bales against 9,149 last year, and at Houston 1,202 bales, against 2,703 bales last year.

FACTORY MAKING BOMBS.

St. Petersburg Police Seize Revolutionary Factory for Making War Materials—Chapter of Tragedies Through Russia.

(By Cable to The Morning Star.)

St. Petersburg, Aug. 13.—Indications at the meeting of the Central Committee of the old Octoberist party, which closed to-day, point to the amalgation of the Octoberists with the new Peaceful Party of Regenerationists and the acceptance of the program drawn up by Count Heyden, M. Guichokff and others. All the speakers at the meeting expressed themselves as in favor of this plan and a resolution was adopted to transmit an appeal to local committees to request a vote on the question of union of the two parties. It had been hoped that the conservative wing of the two constitutional Democrats would join in this movement, though some hot heads among the Octoberists were disposed to insist upon formal abjudication of the constitutional Democratic party on the ground that it had prostituted itself to revolutionary ideas and shipwrecked the parliament.

The police of St. Petersburg to-day captured a Wooden model of a field gun which had been used for the training of a company of revolutionary artillery. The police aso seized a factory which was engaged in making shells and bombs.

Woman Robbed Cashier.

A daring robbery of a railway cashier occurred here to-day. A well dressed woman approached the cashier's window, shoved a revolver under the nose of the official and took $1,000, in money with which she escaped.

Attacked By Mob.

Ivanov-Voznesnesk, Aug. 13.—A crowd of youths from a neighboring village attacked the equipage of captain of police at Vishnakoff to-day. More than 50 shots were fired, the carriage was riddled and a lady accompanying the captain was wounded. The captain escaped without injury.

Revolutionist Causes Tragedy.

Tchernivogov, Aug. 13.—While a number of revolutionary agitators who had been arrested at a meeting were undergoing examination at the Prefecture of the town of Borsenoa, one of the accused drew a revolver, killed the cheif of the police, wounded an aide and committed suicide.

Killed Police and Escaped.

Nizhni, Novgorod, Aug. 13.—Revolutionists to-day boarded a train on the Sarmot Railway and killed two sergeants of police, after which they escaped.

Lublin, Aug. 13.—A meeting of revolutionists which was being held in a forest in this vicinity to-day was surrounded by two companies of Cossacks and two hundretd of the attendants at the meeting were arrested, including several prominent agitators.

Feodize, Aug. 13.—Disorders are increasing. Many villages are affected. News was received here to-day of several armed encounters with guards in which many persons were wounded.

Cronstendt, Aug. 13.—The trial by court martial of the first group of the mutineers here, the sailors, was begun to-day. The proceedings are behind closed doors.

SAVED SON BUT LOST OWN LIFE.

Dr. Ellis, of Randolph-Macon College, ... Drowned on Sunday.

(By Wire to The Morning Star.)

Richmond, Va., Aug. 13.—Dr. Daniel F. Ellis, member of the faculty and college physician of the Randolph-macon College at Ashland, Va., was drowned in Stagg Creek, four miles from there yesterday while on his way to pay a charity visit to an old negro patient. High water swept his buggy down the stream. The doctor's five-year-old son was with him but was saved by his father placing him in an overhanging tree.

FIGHTING OVER COAL FIELDS.

Louisvile and Nashville Engineers Located Road on Sunday.

By Wire to The Morning Star.

Bristol, Va., Aug. 13.—For the purpose of paralelling the Virginia and Southwestern Railway and securing advantageous position in the Black Mountain coal field, the Louisville and Nashville Railway unexpectedly hurried about twenty engineers, under chief Locating Engineer Payton, of the Louisvile and Nashville, into the field early Sunday morning and the engineers worked all day, locating about five miles of the line beginning at a point about ten miles from Pennington Gap.

The two roads have already spent a million dollars getting into the field and now the fight is on for position. It is expected that the Louisville and Nashville will parallel the Virginia and Southwestern probably for fifty miles.

BRYAN CONTRADICTED BY ROGER SULLIVAN

Nebraska Statesman Makes Statement About His Request For Sullivan's Resignation; Chicago's Politician Declares it False

(By Cable to The Morning Star.)

Paris, Aug. 13.—Wm. J. Bryan today gave out a statement concerning the controversy respecting the Illinois Democratic National Committeeman. The controversy has grown out of Mr. Bryan's letter demanding the resignation of National Committeeman Roger Sullivan, to which demand Mr. Sullivan returned a prompt refusal and stated that Mr. Bryan had been misinformed respecting the situation, by M. F. Dunlap.

Mr. Bryan's rejoinder says that no one but himself is responsible for the information contained in his letter and that he had intended to ask Mr. Sullivan to resign before he should see Mr. Dunlap. Mr. Bryan added:

"I entered into this contest because I believed that Roger Sullivan and John W. Hopkins had deliberately robbed the Democrats of Illinois of their political rights and I still believe so. To secure political power by force or fraud ought to be as disgraceful in the eyes of the public as to secure money by force or fraud. I can not conceive of any plausible defence which Mr. Sullivan can make for retaining on the National committee. If the body is unable to rid itself of the leadership of men like Sullivan, who seek control the party organization in order to advance their corporate interests, it might as well dissolve. While I was anxious to give Sullivan a chance to retire without a fight its is probably just as well that he refused, for if we must fight to purify the party organization, the sooner it begins the better."

The statement adds an expression of confidence and approval of the work of the Majority Rule League and of Messrs. Dunlap, Rainey, Thompson and Nelson.

Chicago, Aug. 13.—National Committeeman Sullivan when interviewed in regard to Mr. Bryan's latest utterances declares today that there was no truth in them.

"Mr. Bryan got all of his information from Mr. Dunlap and is doing what Mr. Dunlap wants him to do All the information he has about the Illinois situation he has received from Dunlap and Thompson. He is fighting their battles—battles that they can not fight themselves. His statement is not true as to he conrol of the State convention two years ago as to the National Committee, or as to the committee on organization. Mr. Bryan is not bigger than the Democratic party."

Mr. Sullivan referred to a letter which he said Mr. Bryan had written to Congressman Caldwell, of the Springfield district in which he said Mr. Bryan admitted that he had received all of his information from Dunlap. That letter said Mr. Sullivan, was proof of his assertions.

Owing to the absence of Mr. Hopkins, in Europe, no statement could be secured from him.

Discussed Prospects and Plans of Republicans in Congressional Campaign

REVISED CAMPAIGN BOOK

Hear Report From Chairman Shonts About Work on Panama Canal —Young Woman Who Annoys President is Insane.

(By Wire to The Morning Star.)

Oyster Bay, N. Y., Aug. 13.—Lunacy proceedings were instituted today against Miss Asi L. Esac, or Elizabeth Case, who created a disturbance in her determination to speak to the President during the church service attended by President Roosevelt yesterday. Miss Case was examined by Dr. Fowler, of Oyster Bay and Dr. Seamar, of Glencove, who were formally consittuted examiners in lunacy by George Hoffman, county overseer of the poor. The result of the examination was the drafting of a report that Miss Case is mentally incompetent to be at large. According to the legal procedure necessary, this report will be presented to Judge Jackson sitting at Minola tomorrow, when an order will be issued requiring the presence of Miss Case before the court. This order can not be served until Wednesday, and as there are no charges of any character against Miss Case, there is nothing to prevent her taking leave of Oyster Bay and Nassau county before she is served with the papers.

President Talked Politics.

This was visitors' day at Sagamore Hill. President Roosevelt's luncheon guests numbered five, and the topics of discussion ranged from the prospect of Republican progress in the Congressional campaign, to the digging of the Panama Canal. Representative James Sherman, of New York, chairman of the Republican Congressional campaign committee, brought the material for the political discussion. He had the proofs of the party's new capaign text book for the President's revision and approval, besides several of the arguments which Speaker Cannon is to make in his convention speech to-morrow at Danville, Ills.

Chairman Theodore P. Shonts, of the Isthmian Canal Commission, who landed from Panama Saturday, informed the President of affairs at present on the Isthus.

Henry W. Taft, of New York, a brother of the Secretary of War, was also a guest, as was Robert Bridges, the author. Representative Longsworth, who is a member of the campaign committee, took part in the political discussion and will visit the Republican headquarters in New York to-morrow.

DOUBLE FARE CREATES RIOTING

Serions Conflicting Orders of Court and Authorities in New York.

ALL ABOUT 10 CENTS FARE.

Passengers Bound to Coney Island Fight Because They Have to Pay Ten Cents Instead of Five on Street Cars.

(By Wire to The Morning Star.)

New York, Aug. 13.—All today complications growing out of opposing orders and opinions by public and by corporation officials and disorder, which at times threatened to become acute owing to the determination of the people, marked the situation in Brooklyn arising from the decision by Supreme Court Justice Gaynor on Saturday, that the Brooklyn Rapid Transit Company has not a right to charge a double fare of ten cents to Coney Island. Conditions are not much clearer tonight than they were yesterday though far more quiet.

This afternoon there was danger for a time that there would be repetition of yesterday's scenes when thousands of persons were involved in angry controversies and struggles with the companies' employes at Neck Road on the way to the resort, cars of the company were stalled for blocks and some of its officials were arrested on charges of obstructing traffic and disobeying the police.

That the officials of Kings county and the Borough of Brooklyn were prepared to enforce Justice Gaynor's decision became apparent during the day. District Attorney Clarke of Kings county detailed one of his assistants to hear complaints of rough treatment by the company's employes because they had refused to pay an extra fare. Mr. Clarke also annunoced that prosecutions would follow every proven case of maltreatment. Borough President Bird S. Coler issued a public statement advising persons to pay but a single fare for a ride from points in Brooklyn Borough to Coney Island and the police in the affected districts were ordered to be ready to quell any fresh disutrbances. Meantime Acting Police Commisioner Waldo revoked permits empowering the company to employ special policeman to assist the regular men of the company to put off its cars persons who resisted any demands for the extra fare. Commissioner Waldo declared that the ruling of Justice Gaynor would be enforced and any roughness toward passengers by company representatives would meet with arrest. This was offset and complicated to some extent by an official opinion by Acting Mayor McCowan later in the day, after a conference between him and Corporation Counsel Delaney that the Brooklyn Transit Company had the right to refuse to carry persons who refused to pay a second fare, and the company's em-

BANK LOOTER MAY BE SUICIDE

Vice President Stensland, of Chicago's Wrecked Bank, Believes His Brother Dead

REWARD OF $5,000 FOR HIM

Secret Room Found In Fugitive President's House—Has Hidden Entrance and Took Detectives Hours to Find It.

Chicago, Aug. 13.—Thedore Stensland, vice president of the Milwaukee Avenue State Bank, appeared in Judge Kersten's court this afternoon. With him was Chief Deputy Sheriff Steinert and Attorney Jacob Kernsten.

When arraigned in the criminal court, Vice President Stensland waived examination at the suggestion of his counsel. His bonds in the charge of conspiracy were fixed at $10,000 and were furnished by A. H. Matson, and Attorney Kern. When asked about his father, Vice President Stensland said:

"I do not know where my father is, but it is my belief that he is dead. I know his temperament and I do not believe he will stand this. I believe he has ended it all."

Banks of the Chicago Clearing House Association today offered a reward of $5,000 for the apprehension of Paul O. Stensland, fugitive president of the bank.

The failed bank now has two receivers. Judge Gibbons in the Circuit Court this afternoon appointed the Chicago Title and Trust Company receiver on petition of a creditor. Following the appointment of the trust company a demand was made on John C. Fetzer, who was appointed receiver of the bank by Judge Brenano in the Superior Court last week, that he turn over all books and papers to the new receiver. Attorneys for Receiver Fetzer advised him to refuse the request, and a contest may follow.

Inspector Shipp and two detectives went to the home of President Stensland at Irving Park to-day to seek further evidence against the missing bank president. In the house they found what they believe to be a secret room. The room, which has a hidden entrance to Stensland's den, was discovered after a search of nearly an hour. The room is large enough to admit a man. The entrance is concealed by a panel in the wall which opens with a spring. Nothing was found which would indicate that the room had been recently occupied.
